Edmond Rostand : Cyrano De Bergerac... before purchasing it in order to gage whether or not it would be worth my time, and all praised Cyrano De Bergerac...:

1 of 1 people found the following review helpful. Great way to introduce the classis to young readersBy Adam S. BeaverI bought this to read with my 3rd grade daughter, and we loved it! She's an advanced reader, and this book still gave her a healthy challenge; it would not have been a good choice for her as an independent reading book. The illustrations are highly stylized, which I find an asset (others my find them distracting as they're unrefined and a bit harsh). The adaptation finds a great middle ground in combining traditional-to-Old English prose with a more contemporary vernacular, offering readers (young and old) an accessible exposure to the foundations of our descriptive, English language styles. My daughter loved the story, as did I. As a follow-up, we rented Steve Martin's "Roxanne." This book has turned us on to the publisher's other offerings, too: "Pride and Prejudice," "Tom Sawyer," Edgar Allen Poe stories, and others. As a teacher, there is great value in introducing these old stories, as they're often

models used by modern story tellers, giving young readers larger reading strategy tools to promote greater comprehension. Oh, and they're fun to read :) 0 of 0 people found the following review helpful. Useful for having alongside edition if learning French/English with this text...By A. Boileau Useful. Just got a house in Bergerac have to learn French should know this story (as this play helped to make the town famous!). This edition is useful while going through the French edition/dialogue, as it has a good selection of words fantastic to see how to say something in English various ways in French have the play dialogue translated with various selections of nuance which is clearly shown with the Thesaurus entries...will make going through the rather odd play a lot more of a practical exercise... and more memorable (I type hopefully). 0 of 0 people found the following review helpful. The original, unbeatable text By Patrick Perdu Of course you will need to read French but if you master the language you should definitely give it a shot. This is my favorite play ever; one of my top ten books and the only play in there. Forget the movies (except maybe the French one with Depardieu), and no it does not end very well, but Edmond Rostand takes you for a ride through love and war and wit and charm and fun and, yes, cooking, all in some of the most brilliant yet funny example of mastery of the alexandrine. I laugh out to tears each time I read it.

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. From the Publisher Designed for school districts, educators, and students seeking to maximize performance on standardized tests, Websters paperbacks take advantage of the fact that classics are frequently assigned readings in English courses. By using a running thesaurus at the bottom of each page, this edition of *Cyrano de Bergerac* by Edmond Rostand was edited for students who are actively building their vocabularies in anticipation of taking PSAT, SAT, AP (Advanced Placement), GRE, LSAT, GMAT or similar examinations. PSAT is a registered trademark of the College Entrance Examination Board and the National Merit Scholarship Corporation neither of which sponsors or endorses this book; SAT is a registered trademark of the College Board which neither sponsors nor endorses this book; GRE, AP and Advanced Placement are registered trademarks of the Educational Testing Service which neither sponsors nor endorses this book, GMAT is a registered trademark of the Graduate Management Admissions Council which is neither affiliated with this book nor endorses this book, LSAT is a registered trademark of the Law School Admissions Council which neither sponsors nor endorses this product. All rights reserved. About the Author Data Not Found Excerpt. Reprinted by permission. All rights reserved. Websters edition of this classic is organized to expose the reader to a maximum number of synonyms and antonyms for difficult and often ambiguous English words that are encountered in other works of literature, conversation, or academic examinations. Extremely rare or idiosyncratic words and expressions are given lower priority in the notes compared to words which are "difficult, and often encountered" in examinations. Rather than supply a single synonym, many are provided for a variety of meanings, allowing readers to better grasp the ambiguity of the English language, and avoid using the notes as a pure crutch. Having the reader decipher a words meaning within context serves to improve vocabulary retention and understanding. Each page covers words not already highlighted on previous pages. If a difficult word is not noted on a page, chances are that it has been highlighted on a previous page. A more complete thesaurus is supplied at the end of the book; Synonyms and antonyms are extracted from Websters Online Dictionary.
