Nicholas Briggs : Dalek Empire: The Scripts (Doctor Who) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dalek Empire: The Scripts (Doctor Who):

4 of 4 people found the following review helpful. Daleks. Daleks! DALEKS! By Michael Valdivielso The Daleks are a huge part of Doctor Who history and sci-fi history in general. When the Doctor Who series was halted it was the novels, radio plays and fan fiction that kept it alive. The Dalek stories were a huge part of this. Now, to get them, you can dish out money for CDs OR you can buy this book which has Dalek Empire and Dalek War, which is equal to

about eight audio CDs. You can use your MIND and imagination and your own silly voice to read the book. Maybe even out loud if you want. When nobody else is around. Oh, I still plan to get the audio CDs, but this is still fun to have. Lots of behind the scene information and interviews with Nicholas Briggs. Who else, besides the late, great Terry Nation could have pulled off creating so many great stories of the Daleks? Well, besides John Peel. 0 of 0 people found the following review helpful. Scripted Doctor Who the Daleks By Robert A. Smith, Jr. Great way to read some classic Doctor Who adventures w/ the Daleks!! It's almost as good as reading Shakespeare...LOL...OK, not that noteworthy, but a lot more fun, at times, than just reading a novelization of a Doctor Who episode. Enjoy!!

All eight scripts from Big Finish's acclaimed Dalek Empire and Dalek War audio dramas are included in this collection. The scripts include cut scenes and alternative dialogue, and are fully annotated. The book also includes a foreword by actor Mark McDonnell, who played Alby Brook in the series, exclusive in-depth interviews with writer/director Nicholas Briggs, original archive documents, outlines, character biographies, and a sneak peek at Dalek Empire III.
