**Andrew Culp : Dark Deleuze (Forerunners: Ideas First)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dark Deleuze (Forerunners: Ideas First):

2 of 2 people found the following review helpful. Dark Deleuze will break through your thinking about change. Are you ready though? By abbeysbooks A perfect book for me. If you are radical enough and displeased with feel good strategies, same-old protesting, all of the things that DO NO GOOD and never stop what we hate, then this is your book. It will attack the core of your belief system, particularly as it concerns Deleuze so be warned. 0 of 0 people found the following review helpful. Fast paced review of Deleuzian philosophy By Michael R. Nofi A tightly bound presentation of an outsiders interpretation of Gilles Deleuze's thought. Lots of new ideas and concepts that will make your head hurt. Unfortunately, I need more background in Continental thinking to better understand many of the

concepts presented in this short review of Gilles Deleuze philosophy. I was particularly mesmerized by the author's writing style and at times found it rather lyrical. 0 of 0 people found the following review helpful. Five Stars By Timo Pullinen An original book!

French philosopher Gilles Deleuze is known as a thinker of creation, joyous affirmation, and rhizomatic assemblages. In this short book, Andrew Culp polemically argues that this once-radical canon of joy has lost its resistance to the present. Concepts created to defeat capitalism have been recycled into business mantras that joyously affirm Power is vertical; potential is horizontal! Culp recovers the Deleuzes forgotten negativity. He unsettles the prevailing interpretation through an underground network of references to conspiracy, cruelty, the terror of the outside, and the shame of being human. Ultimately, he rekindles opposition to what is intolerable about this world. Forerunners is a thought-in-process series of breakthrough digital works. Written between fresh ideas and finished books, Forerunners draws on scholarly work initiated in notable blogs, social media, conference plenaries, journal articles, and the synergy of academic exchange. This is gray literature publishing: where intense thinking, change, and speculation take place in scholarship.

"Dark Deleuze is an important contribution to Deleuze scholarship and to radical political thought." Journal for Cultural and Religious Theory
