Devon Koen : Dark Embers before purchasing it in order to gage whether or not it would be worth my time, and all praised Dark Embers:

1 of 1 people found the following review helpful. Author Devon Koen entralls with Dark EmbersBy Natalie Le ClueIn a small rural town Eve Gibson is on trial and accused of a shocking crime. However, Eve is a complicated girl, a mystery to the rest of the world. This is but an enticing glimpse of Port Elizabeth author Devon Koens newly published screenplay.Dark Embers is an absorbing story which chronicles the life of a deeply trouble girl. As a young

child Eve suffered several forms of abuse and as she ages appears to be surrounded and plagued by a literal and figurative darkness. This darkness and yearning need for something more leads Eve down a psychosomatic path that she may not find her way back from. The authors nuanced and engaging writing style allows for the subtle presentation of several themes throughout the story while simultaneously creating a portrait of an unsettling but relevant main character. The thematic element of darkness, with the briefest illuminations of light, is so skillfully threaded throughout the scenes that it not only allows the reader an insight to Eves psyche, but also against the odds, creates a glimmer of hope. This story will captivate and keep the reader intrigued from beginning to end as Dark Embers poses the indelible question: what does it take to push someone completely towards darkness?

A small rural town is shaken by a heinous murder of epic proportions. Standing trial for the crimes is Eve Gibson, an enigma to the outside world - inside she holds the true Malevolent conspirator. Eve's only true crime - finding herself.
