Graham Gillam : Dark Nemesis before purchasing it in order to gage whether or not it would be worth my time, and all praised Dark Nemesis:

Do you know a graphic artist? Have you ever wondered where the warped and twisted ideas come from? Jimmy a horror graphic novelist begins a decent into madness as the lines between creative reality and insidious nightmares become blurred. What's the difference between a good creepy idea and a distant memory surfacing threatening to

unravel everything you believe in. To save his career, his life, his sanity it is time for Jimmy to face the past and confront his Dark Nemesis head on.
