**Mark Salisbury : Dark Shadows: The Visual Companion** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dark Shadows: The Visual Companion:

The word "visual" in the title is appropriate, since it has significantly more photographic content than written content. But what text is there is fascinating reading, indeed. It makes one wish for a much more in-depth treatise on the making of the film, but this one is well worth the purchase for fans of the film. The early part, with a focus on preproduction, contains more text than the later parts which focus on specific aspects of production and postproduction. There are several samples of concept art for the film, from production and set design to costume and makeup. It's not as exhaustive as I would have wished, but it's very well done. 0 of 0 people found the following review helpful. This has to be one of the most fun books I have purchased in a long while By NDD This has to be one of the most fun books I have purchased in a long while. While there are "those" people out there who hated this installment of Dark Shadows, I found some love, even though I am a die hard original series fan. This book is a perfect companion to the film by Tim Burton, lots of color spreads, interesting information and just a joy. Add to all those things, the price was \$4. Go figure. 0 of 0 people found the following review helpful. Wonderful price, Good Condition By Daniel H. Silvio Wonderful price, Good Condition, Shipped on time! Dark Shadows: The Visual Companion Is full of Great Behind the scenes, on set photos drawings of this DARK SHADOWS 2012 movie by Tim Burton!

The cult television series Dark Shadows is fondly remembered by its fans not least Tim Burton and Johnny Depp, who reunited to bring a stunning reimagining of the show to the big screen. Produced in close cooperation with Tim Burton and the production team, this lavish official companion to the film includes a Foreword by Depp, an Introduction by Burton and an Afterword by producer Richard D. Zanuck, alongside scores of photos, concept drawings, production

designs, and interviews with the cast and crew.
