This book is an accumulation of light-hearted Cajun tales. It includes a glossary of important Cajun words and terms, some basic Cajun Recipes, and a bit of information on the Cajun culture and history. Dat Boudreaux Ain't me, It's Ma Cousin, was originally published targeting the regional market around Louisiana. Even though the book is written using a Cajun dialect, its clean Cajun humor has found a national appeal. It is a great gift for you, a friend, or a family member. It can be a fun challenge trying to be a Cajun storyteller using this book as a reference source.

Received a copy of your book for my 70th birthday and it has joined the ranks of my most prized possessions re: Louisiana. -- e-mail from RLPAbout the AuthorLarry Boudreaux was born and raised in South Louisiana. Although he moved out of the area for several years, he always missed his Acadian roots. Since coming home, he has searched his ancestry and found that he is a tenth generation descendant of Michel Boudrot who was one of the original Acadian settlers in Nova Scotia before the forced migration from Canada by the English. Larry is serious about his cultural heritage. The reason he wrote this book was to share these humorous stories, which he grew up with, about the Cajun people of South Louisiana.
