Matt Hurwitz, Sharon Gosling, Adam Newell : Dawn of Planet of the Apes and Rise of the Planet of the Apes: The Art of the Films before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dawn of Planet of the Apes and Rise of the Planet of the Apes: The Art of the Films:

3 of 4 people found the following review helpful. Five Stars By Hogg Lord Loved this book. It has a lot of great pictures and behind the scenes type stuff. 0 of 2 people found the following review helpful. Good for Ape fans. By Randall John Pratt Interesting and Informative. 0 of 2 people found the following review helpful. Four Stars By zilla68A great film book

The perfect companion for Planets of the Apes(TM) fans tying in in with the release of Dawn of the Planet of the Apes, revealing the production photography and concept art behind Rise of the Planet of the Apes(TM) and Dawn of the Planet of the Apes(TM).

An enjoyable for read for those fascinated by how movies are made - Cinema Sentries "The detail presented is so thorough it feels like working through the film production itself, rather than just reading about it." - Watch Play Read "This was one of the best Making Of books I've ever read." - Dont Forget a Towel "The perfect companion to the movies." - Horror Talk "This book is a fantastic companion piece for ape enthusiasts everywhere. If you love these films, trust that you will love the art provided within this 176 page book." - City of Films "This isn't just another coffee table book. The Art of the Films is an all inclusive insight into modern film making and a flat out fun read." - Atomic

Moo "An amazing book that really helps the reader enjoy the film that much more." - BGG "Its only fitting that movies of this high level of quality would have an equally high-quality brag book to accompany them." - Film Pulse "The balance between interviews, excerpts, recollections, concept art, and set photography is done just right, ensuring that this isnt an artbook that youll flip through the pages once, but find yourself rereading and examining with a newfound perspective and appreciation for the newly rebooted film franchise." - YouNerded "The value of The Art of the Film for film students and fans of motion capture will be the complete end-to-end process examined here, cutting edge film technology by the best in the business today. For moviegoers and fans of the franchise the book is another great look behind the scenes of two major studio sci-fi releases." - Borg.com "A beautiful hardcover book that would look great on any fans bookshelf." - Suvudu "Chock full of everything you ever wanted to know about the making of these two Planet of the Apes films." - Critiques 4 Geeks "A great companion book for fans of the Apes reboots. The sturdy build and informative content are well worth the price of admission." - Entertainment Buddha "Overall, I cannot praise the book enough. It is a fantastic companion to the movie, as well as a conversation piece around the coffee table." - Film Obsession "This is a behind-the-scenes book that any Planet of the Apes or special effects fan will thoroughly enjoy." - Boing Boing "This beautiful hardcover book provides an incredibly detailed view." - Mighty Mega "A must have companion book." - Lightly Buzzed "The amount of detail and work that went in to creating these movies is astounding and anyone interested in how movies are made will be interested." - Screen Fad "Packed full of interesting tidbits...Its the usual gorgeous job the publisher does on these books." - Uproxx "I cant recommend this novel enough simply for the engaging plot, but Basu is obviously breaking new ground, especially for American audiences, in uniting international contexts, a diverse array of characters from multiple nations, and the genre of speculative fiction. This novel is certainly one to add to your reading list, or if youre an instructor, your syllabus!" - Slashfilm

About the Author Matt Hurwitz is a Los Angeles-based entertainment journalist. Besides being the co-author of The Complete X-Files she has written for publications including Variety, The Hollywood Reporter, Reuters, and many others.
