**From St. Martin's Griffin : Dazed and Confused: Teenage Nostalgia. Instant and Cool 70's Memorabilia. A Celebration of the Hit Movie.** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dazed and Confused: Teenage Nostalgia. Instant and Cool 70's Memorabilia. A Celebration of the Hit Movie.:

0 of 0 people found the following review helpful. Not New Condition By Paul Hamilton Okay, so when I buy something "new" I expect it to be in "new" condition. Shelf ware was pretty steep on this one I got. Book is okay, little abbreviated in my opinion. 1 of 1 people found the following review helpful. New generations can watch this movie and see how much fun their really not having By motocross066 Having grown up in the 70s, this movie nails it as to

how our teenage years really were. New generations can watch this movie and see how much fun they really not having. Music was BOSS, hair was long, cars were loud cool and fast! and we loved to party! 0 of 0 people found the following review helpful. Just like the Movie! By William J. Morin This book is a great addendum to the movie. It's set up like a high school year book and music fanzine rolled into one. It has bios of all the stars of the movie, funny comics and articles from the 1970's. Of course most of the subject matter has to do with drugs, fast cars and the bicentennial, but what else were you expecting from a book assembled from a movie about...drugs.....and poor Mitchy Kramer getting his ass paddled!

America, 1976. It's the last day of school in a small Texas town; the eighth-graders are getting their first taste of adolescence-a glimpse at high school. Frisbees hang in the air above Led Zeppelin music; the boys in their iron-on transfer T-shirts pop beers, while the teenage Cher clones strap on their cork wedgies and flirt. It's a moment frozen in time, a shift from one era to another. It is dazed and confused.
