**Helen Prejean : Dead Man Walking : An Eyewitness Account of the Death Penalty in the United States** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dead Man Walking : An Eyewitness Account of the Death Penalty in the United States:

0 of 0 people found the following review helpful. A Challenging Book.By 1ManthinksA powerful story of a woman coming to grips about what she believed. This book challenges what one thinks and while it may not change your opinion no matter what side of the divide you fall on it will challenge you. Sister Prejean is very open about her short

comings and her successes. I encourage you to give this book a read.0 of 0 people found the following review helpful. Dead Man Walking -- an Eyewitness AccountBy Judy LarsonSo far so good. I saw the Movie and had to get the book to read. Thanks. Judy Larson1 of 1 people found the following review helpful. Dead Man Walking by Sister Helen PrejeanBy Victoria R. KrezonisI read this book after seeing the movie for the first time. The movie features a composite of characters and is well edited. The book is more of a memoir, so the story rambles at times. However, the story is a fascinating view of our capital punishment controversy. It is well balanced in that it presents both the victims' and the murderers' side, along with the reactions of the author. Sister Prejean was basically thrown into the position of counseling prisoners on death row, and the reader learns the facts along with her. It is a thoughtful book, and it is worth reading regardless of your beliefs about capital punishment.

Great Cditionon
