**From Gordon Press : Dickens and film (Gordon Press film series) by A. L Zambrano (1976-05-03)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dickens and film (Gordon Press film series) by A. L Zambrano (1976-05-03):

0 of 0 people found the following review helpful. Good Research Book for College PapersBy John DeLaurentisThis book covers the work of Charles Dickens and film, however beware that the book was published in 1977, so many later (and often better) film adaptations of Dickens work (i.e. BBC's Our Mutual Friend, and the 1984 A Christmas Carol with George C. Scott) are not covered. Also, the book typeset is that of a typewriter manuscript in a small font that apparently was just photocopied by the publisher. With these beefs aside, the book is valuable for its insights into Victorian society and the approach of Dickens in his novels. It is also helpful if you are writing a college paper.
