Tony Magistrale : Discovering Stephen King's the Shining (Summer Institute of Linguistics and the University of Texas) before purchasing it in order to gage whether or not it would be worth my time, and all praised Discovering Stephen King's the Shining (Summer Institute of Linguistics and the University of Texas):

1 of 7 people found the following review helpful. Great book By A Customer I watched the movies, the Jack Nicholson

one and the made for tv one, then I read the book. Even with watching the movies first the book was excellent. I was scared even though at times I knew what may have happened and there were other surprises. The book was just a simple demonstration of Stephen King's excellent writing. i have recommended this book to all my friends that have not read it and they have loved it too. I recommend this book to anyone who enjoys some surprises every once in a while.

A survey of criticism on King's book and Kubrick's film adaptation "The Shining."
