I saw this character encyclopedia and instantly knew that he would love it! This books has a lot of different cars in it. It also has cars from both Cars and Cars 2 They also have fun facts about the cars and there release information. Im not sure in there is a newer version on this book or not because I know a lot of the cars have been re-released again and this book doesnt have that information in it. Overall thought this book is looked at daily, he is always referencing back to it any time he gets a new car, or forgets one of his cars names. Wonderful addition to any car lover out there! 0 of 0 people found the following review helpful. Not a complete encyclopedia By Tilbib My kids like looking through it but it doesn't have all the Cars from both movies, which is what I wanted. The car that comes with it, makes the book boxy and thick. 0 of 0 people found the following review helpful. My son loves it, but the spine broke, ... By ET MAN My son loves it, but the spine broke, but my son had been carrying

it everywhere for about a week.
