Simply Amazing and Too Nice for My KidBy TwinMomRidiculously detailed, beautiful and almost too nice

for my kid! I think I am more enchanted with this book and notice new details every time I open it. It is more than a work of art as it contains nicely summarized stories for each Princess vignette. Makes reading fun for Mom and kiddo!

By Kristie911  
Beautiful book but fragile. I expected that it would be but some of the pull tabs ripped within the first couple of uses by my daughter (she's 5) even though she was being very careful. She does love the book though and a bit of tape here and there fixed it right up. The book has some truly amazing pop outs...a real collectors item. But not really for smaller kids.

Starring the timeless characters that have made the Disney Princess films a treasured part of pop culture and animation history, this visually stunning volume is packed with intricately designed pop-ups, transformative scenes, and many other surprises. With state-of-the-art paper engineering and beautifully rendered illustrations, *Disney Princess: A Magical Pop-Up World* brings these castles and characters brilliantly to life, capturing the magical worlds that have enthralled audiences for decades. This collectible piece of Disney Princess magic spans eleven films and princesses, including fan-favorites such as Belle, Snow White, Ariel, and Rapunzel. Through twenty-seven pop-ups and transformative scenes, the key moments from these beloved films leap from the page, and the accompanying text makes this book a wonderful interactive reading experience that families will treasure. Join Cinderella as she transforms for the ball, Jasmine as she embarks on a magic carpet ride, Aurora as she pricks her finger on Maleficent's spinning wheel and is saved by her prince, and Merida as she bravely fights to decide her own destiny.
