**Terry Nation : Doctor Who-Power of the Daleks: Script (Doctor Who: The Scripts)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Doctor Who-Power of the Daleks: Script (Doctor Who: The Scripts):

1 of 1 people found the following review helpful. Not to be missed if you love WHOBy MarciaUntil this film emerges from a Time Capsule (sorry) or a forgotten warehouse, we will have to imagine viewing one of the most important episodes in WHO history. I didn't let the script format ruin my ability to enjoy the book. Reading this with Anneke Wells (Polly) narrating just adds to the feeling that the episodes are being aired in the next room. Michael Craze (Ben) and Patrick Troughton (The Doctor) are departed, but Anneke's gentle affection for both her friends shows--which eerily echoes the sentiments of the book itself. Through it all Ben and Polly question who is the man who now calls himself the Doctor. At the original airing, the audience was asking this as well!Troughton's Doctor was the most elusive and tricky, one of the most intelligent of the Doctors and it never shows so clearly as in this book. He is a wise man who plays the fool. In this story he "slips" before Ben and Polly in ways that he will not in future episodes: He winks to let Ben know he's only pretending unconsciousness; he demonstrates his ability to read the Console's atmospheric findings even though they never once saw him look up from his gleeful and childish plundering of his predecessor's trunk. He acts daft and absent-minded so his foes will be frustrated enough into revealing their true motives. The Doctor's ability to MacGuyver himself out of a situation emerges full force when he hijinks a Dalek with parts cobbled from his VIP cell--including his bedsprings!

A mercury swamp on a distant earth colony. A crashed spacecraft holding a deadly secret. An imposter in the Tardis? As Polly and Ben watch in disbelief as the unconscious body of the Doctor changes in front of their eyes, they are plunged into a deadly encounter with the Daleks.
