Jay McInerney, Nick Foulkes, Nick Sullivan : DRESSED TO KILL: James Bond - The Suited Hero before purchasing it in order to gage whether or not it would be worth my time, and all praised DRESSED TO KILL: James Bond - The Suited Hero:

0 of 0 people found the following review helpful. By the cut of your suit, you went to Oxford or whereverBy AllenNot only a lot of very interesting information on variations in Bond's wardrobe over decades, but a plethora of information on the world which influenced Fleming and contributed to the development of the character of Bond.0 of 0 people found the following review helpful. The Suited 007By Mark F.HallamHow James Bond was dressed in the movies from Sean Connery to Pierce Brosman's Brioni Suits.It is written by various writers explaining how the clothing affected their lives. If you like film history or James Bond it is a good out of print book.0 of 0 people found the following review helpful. Entertaining Book; Great Customer Service....By Al.K.Replacement for a well-loved book that I unfortunately lost. The replacement was attractively priced and was just as described; in wonderful condition. Pleasure doing business...

Bond. James Bond. The mere name evokes an exciting world of high living, exotic locations, sex, and adventure. Once upon a time, heroes wore armour and chain mail, but now automobiles have superseded stallions, and the modern hero requires something a little more individual in which to perform his daring deeds of selfless courage. Enter the suited hero. From *The Thin Man* to the men from U.N.C.L.E., James Bond has remained the epitome of the well-dressed gentleman spy. He is the quintessence of a certain British style, knowing what to wear, what to drink - shaken, but not stirred - what to say, and when to break the rules. Bond fans, movie buffs and fashion aficionados will all find new and illuminating material in this volume, which brings together a broad range of previously unpublished documents including filmstills, advertising, and candid images of the Cold War ambience of which Bond was a product. Although many books have explored the fascinating history of the 007 films, this is the first to demonstrate what made the Bond character a modern myth, and the world's most famous secret agent.
