This book is about the Chicano experience of living within, between and sometimes outside of two cultures--the damnation and salvation, and the celebration of it all."In some ways a book Erma Bombeck might have written, that is, if she were from El Paso, dressed in Tony Lama boots, and full fledged member of raza."--Gary Soto"A passionately lyrical leccin para todos about the history of the Western and Southwestern people. Burciaga is deeply rooted in the indigenous realities."--Carlos Santana

From Library JournalIn this collection of essays, Chicano writer Burciaga explores from Mexican American and Chicano viewpoints the complexities of being Mexican American. Many of the essays tell of the early days of the Chicano movement in Texas, which Burciaga experienced as a child. Burciaga seeks the roots of his Chicano heritage in Mexico and Texas, telling today's Mexican Americans how the Chicano movement has changed their lives for the better. His personal anecdotes of growing up a stranger to both of his native lands speak to today's immigrants, especially the second and third generations. Heartily recommended for public libraries, this is essential for any library serving a Hispanic community.- Sharon Roman, Carroll Cty.
