From Cassell : E-Tales Two: More of the Best Worst of Internet Humor before purchasing it in order to gage whether or not it would be worth my time, and all praised E-Tales Two: More of the Best Worst of Internet Humor:

0 of 0 people found the following review helpful. bookBy Julie DaCostafunny emails!0 of 0 people found the following review helpful. OMIGOD! Buy this book!By QueenieThis is a laugh-out-loud book to read for yourself or to other people. It truly shows that humor transcends any culture.My husband, normally quiet, introspective and conservative, read it cover to cover laughing all the way.A book small enough to fit into your handbag or briefcase, but thick enough (336 pages) with humor to last for a long time. I'm buying the other two editions!

The first book made you roar with laughter--and it made you ravenous for even more! So here it is: another 300-plus

pages of weird, wacky, and wonderful Internet humor. Absolutely uncensored, it can be gratuitous, scatological, shocking, silly, and superficial. You'll get more helpings of frivolous forwardings, sick tales of personal injury and injustice, celebrity lampoons, puerile puns and sexist sideswipes, and other timeless gags. Laugh out loud at amazing "true" stories, dozens of relationship case studies, and important "research" on whether hair color affects your behavior. Always topical, these witty writings from the electronic age puncture pretentiousness in all aspects of modern life, from cybersex to office politics to Dubya-isms.

About the Author Like its predecessor, E-Tales Two is a humorous compendium for the electronic age, bringing together hundreds of tall stories, jokes and anecdotes, all garnered from those less-than-strictly-professional items of electronic mail that can lighten even the most stressful of days in the office. E-Tales Two is crammed with an irresistible wealth of weird and wonderful net-classics. Its 352 fun-filled pages of palm-top irreverence make it the ideal companion for the train, the loo or the office.
