Courtney Baron : Eat Your Heart Out before purchasing it in order to gage whether or not it would be worth my time, and all praised Eat Your Heart Out:

1 of 1 people found the following review helpful. Well written and hilariousBy Amy PI was very happy with this play. The characters are well-developed and believable, and the dialogue is funny. It explores difficult aspects of life but is heartwarming. This is one of the good ones, folks. If only producers wouldn't waste their time with subpar writing.

They should be producing this. 2 women, 2 men, and a teenage boy and girl.
