Nostalgic laughs!By Elaine MayGot this as a "nostalgic remembrance" for my niece. When she was little, we used to sit and read the Eggbert books to her and she loved them. Now she is all grown up, but I had not seen them in years and was thrilled to find them! I got this one for her because she loved the "twins" the very best.

Eggbert is here again. Well, not quite here - but he'll be born soon. Meanwhile, he is developing and refining his definite and often unique ideas on love and life, digestion and indigestion, sex and even sisters. And Sis is wide-eyed with wonder at his wit and wisdom. Whether you are expecting your own little one, or just expecting to laugh, Eggbert and Eggberta will not disappoint you. Eggbert now has his own diary for the expectant Mom while on a wondrous journey through morning sickness and doctors appointments to that amazing moment when she first felt life inside her; and sonograms and baby showers and preparing the nursery. In this diary she will record all that she is feeling, and doing and thinking about the up-coming changes in her life. Years from now this personal record of her pregnancy will bring back all the wonderful, funny and surprising memories of this very blessed event. There's room for a few cherished photographs to be included as well. We wish all Moms love, joy, fulfillment, and we provide this diary as forever proof that humor is the best medicine in the world.
