I phoned him later on Christmas day to see how he liked his gifts. His mom said he's been reading Epic Big Nate since he opened the gift. Big Nate stories get big laughs out of my grandson AND me. The stories of growing up and school days probably are part of everyone's childhood memories -- that's one reason they are so fun to read.1 of 1 people found the following review helpful. Book Fell ApartBy LauraThe content of the book is great. It had all the Big Nate comics that my daughters know and love in one great big huge volume. Unfortunately, the book itself was not well made. The spine separated from the pages within a week of my daughter having the book. I tried to put it back together with some packing tape but it was no use. The pages started coming out of the book. I finally returned it.1 of 1 people found the following review helpful.
