**Bill Cain : Equivocation** before purchasing it in order to gage whether or not it would be worth my time, and all praised Equivocation:

Greenagel IIThis is an outstanding play that focuses on the gunpowder plot and the writing of the "Macbeth." Shakespeare is the central figure of this piece, but Richard Burbage, Robert Cecil and King James all figure prominently. Tom Stoppard would be proud of this. Typical Shakespearean themes of politics, love and death flow throughout the plot.I saw this staged at Drew University in September of 2015 and was floored.0 of 0 people found the

What was the "real" question asked?By Kindle CustomerThis is a wonderful, entertaining, and interesting look at Will Shakespeare and a 'behind the scenes' look at what Will and his company of actors may have been like. The premise of being commissioned to write a play, that if he does, as commissioned to, would ruin him, or possibly get him killed, or turning down the play with the same probable outcome is an interesting conundrum. How Will solves it, and what he learns about himself is a fascinating twist.0 of 0 people found the following review helpful. Great playBy citygirlThis is one of the great plays of the last few decades. But it's tricky to read; easier to see what it's doing in production.
