From Oxford University Press : Ethics at the Cinema before purchasing it in order to gage whether or not it would be worth my time, and all praised Ethics at the Cinema:

The editors of Ethics at the Cinema invited a diverse group of moral philosophers and philosophers of film to engage with ethical issues raised within, or within the process of viewing, a single film of each contributor's choice. The result

is a unique collection of considerable breadth. Discussions focus on both classic and modern films, and topics range from problems of traditional concern to philosophers (e.g. virtue, justice, and ideals) to problems of traditional concern to filmmakers (e.g. sexuality, social belonging, and cultural identity).

"An insightful, compelling, and highly readable compilation of essays."--Roberto Sirvent, *Philosophy in About the Author*
