Bobby Brown, Nick Chiles : Every Little Step: My Story before purchasing it in order to gage whether or not it would be worth my time, and all praised Every Little Step: My Story:

114 of 120 people found the following review helpful. BB deliversBy NoVa 4I should start by saying that yes, I am a BB fan. As a full fledged punk/goth in Detroit during the 80's, I got a free ticket to his concert with AI B. Sure and New Edition and figured "why not go?" and had a blast. He was such a dynamic performer...and that made me a fan to this day. I've followed his career through music, TV, and the tabloids, and I always thought he got the short end of the stick with the media--but it's clearly true when you read the tragedies he's suffered throughout life. BB delivers the

goods: he holds nothing back on his drugs, drinking, bad boy days, crimes, jail time, Whitney, his daughter, and everything in between. It's all in there, and many blanks are filled. He also gives his personal insight to what he was thinking at certain times in his life when the rest of us were wondering just WHAT he was thinking. He even explains the whole Whitney funeral debacle and why he left during the service, and you realize the media did portray it in a skewed light when his reasoning is really very sensible. Now I'm sure some people will argue that it's one sided (duh, it's an autobiography) and of course he'll try to make himself look better....but now that others are corroborating many of his tales in the media (i.e. Whitney's brother finally saying it was he, not BB, who introduced her to drugs), we realize he really did get the short end of that stick during his Whitney days. That's not to say that he didn't make some huge mistakes--he acknowledges them freely and takes responsibility for most (though there are spots here and there where he makes excuses for certain things rather than taking the reigns on them, but that's OK). In the end, you realize he's just a guy like anyone else, trying to make their way. Fab read, totally worth the purchase. 1 of 1 people found the following review helpful. PAGE TURNER.....MUST READ!!!! By Customer THIS BOOK WAS A PAGE TURNER!!! I am so glad he wrote this book and told what was really going on. Society loves you when you are beautiful and you can sing. They don't care about who you really are!!! Bobby if you are reading these views, the only thing I would say to you is SUBMIT TO GOD...PUT HIM FIRST PLACE IN YOUR LIFE!!! It's evident that he loves you because you survived through so much....He kept you!!! Highly recommend this book!!! 6 of 6 people found the following review helpful. Good read By quianne I enjoyed reading his side of things. I like that others close to Bobby shared their stories, too. It felt honest.

NEW YORK TIMES BESTSELLER In *Every Little Step*, Bobby Brown will for the first time tell the full story of his life and set the record straight, particularly about his relationship with Whitney Houston. Bobby Brown has been one of the most compelling American artists of the past thirty years, a magnetic and talented figure who successfully crossed over many musical genres, including R&B and hip hop, as well as the mainstream. In the late 1980s, the former front man of New Edition had a wildly successful solo career especially with the launch of *Don't Be Cruel* garnering multiple hits on the Billboard top ten list, as well as several Grammy, American Music, and Soul Train awards. But Brown put his career on hold to be with the woman he loved American music royalty Whitney Houston. The marriage between Brown and Houston was perhaps the most closely watched and talked about marriage of the 1990s a pairing that obsessed the public and the gossip industry. Now, for the first time, the world will be able to hear the truth from the mouth of America's bad boy himself. Raw and powerful, *Every Little Step* is the story of a man who has been on the top of the mountain and in the depths of the valley and who is now finally ready to talk about his career and family life, from the passion and the excess to his creative inspirations and massive musical success. On the process of writing this book, Bobby says, Right after I signed on to write my story, I went through one of the most agonizing traumas I had ever experienced with the death of my daughter. But I was surprised by how therapeutic it was to work on this project, to look at the entire arc of my life and to realize that although there has been considerable pain, I have also been incredibly blessed. I hope my fans and other readers of this book will be entertained by this trip into the crazy, exciting, fascinating world of Bobby Brown. And I hope they will feel that I have been as honest and open with them in these pages as I have tried to be my entire life.

From the Back Cover Bobby Brown, the singer, dancer, and all-around amazing performer, first became famous at the age of fourteen as a part of the Boston group New Edition. But it was his solo career and the release of his 1988 album, *Don't Be Cruel*, with its chart-topping title track, as well as hit songs *My Prerogative* and *Every Little Step*, that made him infamous. As he toured the world, wowing fans, scoring hit after hit, earning millions, Brown found himself the fodder of tabloids. When he married the most celebrated singer in the world at the time, pop princess Whitney Houston, he began a life under a microscope. The couple's every move was tracked, and jaw-dropping stories were told about drug addiction, physical violence, and worse, with Brown always cast as the villain. Forever branded, Brown was trapped in a spiral of rage against the media and drug addiction, fighting for the will to get himself clean and keep his family together. Now the man behind the misconceptions, rumors, and lies bares his soul. In this honest, raw, and at times heartbreaking account, Brown tells the truth of his life. *Every Little Step* is the story of a kid growing up in the projects of Boston, always on the move and always looking for an audience. Brown reveals what really happened when he left New Edition to launch his solo career and tales of his relationships with some of the most prominent pop divas in the world, including intimate details of his marriage to Houston that describe the purity of their love and the devastation he felt as it crumbled. Most poignantly, he finally speaks about losing his beloved daughter Bobbi Kristina. And through it all, Brown shows himself to be a family man, devoted to his children and his wife; a man who cared for both of his parents right up until their deaths; and a man who can admit where he faltered, but had the strength to stand up again. I became famous with New Edition when I was just fourteen. As a solo artist, I released an album before my twentieth birthday that many have noted as altering the course of R&B music. In my twenties, I fell in love with the biggest music star on the planet. Our marriage kept more than a few gossip tabloids in business. I am still trying to grapple with the incredible pain and trauma of losing my daughter. But despite my three decades in the harsh

media glare, the public has never really heard my story. What Bobby Brown is thinking, what hes doing, what he did do, what he didnt do. Early on, I cemented my reputation as the bad boy of R B. And it stuck. But now that label feels too one-dimensional. I feel like I owe it to myself and the ones I love, and will always love, to be honest. I want to tell the real story. About the Author Bobby Brown is a singer, songwriter, dancer, producer, and actor. He lives in Los Angeles, California, with his wife and children.
