Gary Lumpp : Everyman before purchasing it in order to gage whether or not it would be worth my time, and all praised Everyman:

0 of 0 people found the following review helpful. If you like the TV shows "Intelligence" or "Limitless," check this out!By H. HewettThis is a screenplay in book format, but easily enjoyable as a book. The concept is great, the characters are fun, and the plot has a bit of a mystery twist that really hooked my interest.

An experiment allows a man to upload information and abilities directly into his brain, allowing him to be a French-speaking brain surgeon one minute and able to defuse a bomb while doing calculus the next. However when he begins to experience the memories of someone else he wonders if theres something more thats being uploaded into his mind.
