Jomny Sun : Everyone's a Aliebn When Ur a Aliebn Too: A Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Everyone's a Aliebn When Ur a Aliebn Too: A Book:

1 of 1 people found the following review helpful. a must-read, instant classicBy kauna13I came across this book being discussed on Twitter and it seemed to loom large in some of the geekier circles, so I couldn't resist check it out.I am SO GLAD I did. It's an immediate classic in the vein of Shel Silverstein and Dr Suess-simple and poignant and much much deeper than you assume. It seems, at first glance, that it is a children's book-all smiles and lightness, but there is

an underlying current of the darker side of life including a wonderful nod to the Giving Tree that just immediately drew me in. It is really quite wonderful for anyone of all ages. 4 of 4 people found the following review helpful. a beautiful, sweetBy Ellen Rogersa beautiful, sweet, heartwarming story. there are so many levels this work should be appreciated on, from the hand drawn pages to the unexpected humor and the sincere sadness, and each character carefully formed. a must read for all humans, especially those who feel alone 2 of 2 people found the following review helpful. Beautiful CommentaryBy RebekahThis amazing not-so-little book offers a poetic insight to the meaning of life by approaching it from the outside looking in. With simple yet powerful illustrations, this adorable little aliebn will open your eyes to new perspectives, or remind you of ones you've discovered and forgotten. I definitely recommend sharing with a friend to spread the love.

everyone's a aliebn when ur a aliebn too is the illustrated story of a lonely alien sent to observe Earth, only to meet all sorts of creatures with all sorts of perspectives on life, love, and happiness, all while learning to feel a little better about being an alien based on the enormously popular Twitter account, @jonnysun. Here is the unforgettable story of Jomny, a lonely alien who, for the first time ever, finds a home on our planet after learning that earthlings can feel lonely too. Jomny finds friendship in a bear tired of other creatures running away in fear, an egg struggling to decide what to hatch into, an owl working its way to being wise, a tree feeling stuck in one place, a tadpole coming to terms with turning into a frog, a dying ghost, a puppy unable to express itself, and many more. Through this story of a lost, lonely and confused alien finding friendship, acceptance, and love among the creatures of Earth, we will all learn how to be a little more human. And for all of us earth-bound creatures here on this planet, we can all be reminded that sometimes, it takes an outsider to help us see ourselves for who we truly are.

Jomny Sun's incredible writing knocks you to the floor, breathless, then scoops you up and gives you a kiss where it hurts before it occurs to you to cry. Read this book only if you want to feel more alive. (Lin-Manuel Miranda) Jomny Sun has created a frightened, hopeful view of Life As We Know It from the perspective of a weirdly relatable alien intelligence. Fantastic. (Patton Oswalt) This book is funny and sad, simple and complex, badly spelled and beautifully written. Jomny Sun gets more out of a panel than most do out of a page, revealing obvious yet hidden truths as only someone one step out of step could. (Joss Whedon) Impressively sincere, at times insightful, and humorous. Sun's fans will welcome his first book with wild enthusiasm (Library Journal) About the Author Jonathan Sun is the author behind @jonnysun. When he isn't tweeting, he is an architect, designer, engineer, artist, playwright and comedy writer. His work across multiple disciplines is concerned with narratives of human experience. As a playwright, Jonathan's work has been performed at the Yale School of Drama, Factory Theater in Toronto, Hart House Theater, Theater Lab in Toronto, and the University of Toronto Drama Festival (where he received the Presidents Award for Best Production). As an artist and illustrator, his work has been commissioned by the New Haven ArtSpace, and exhibited at MIT, the Yale School of Architecture, and the University of Toronto. His comedic work has appeared in NPR, BuzzFeed, Playboy, GQ, and McSweeney's. He is currently a doctoral student at MIT and a Berkman Klein Fellow at Harvard.
