Andrew Smith : Everything's Wront: Election Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Everything's Wront: Election Edition:

2 of 2 people found the following review helpful. Something's Right About "Something's Wront" By Tracy Dahlby I love this book, so much so that I keep it on my reading table for the sheer joy of the thing and for spiritual uplift, to boot. Andrew Smith writes with the finely layered insight and guts of the great humorists, whether hes skewering one of our flavor-of-the-minute national media obsessions or our chronic human foibles, of which weve apparently got a

lot. I couldn't agree with Smith more that Pisces is one of the most misunderstood signs of the Zodiac. (Finally somebody realizes that nobody really understands us.) I only take exception to his view about the effect Pisceans have on the other signs (we drive everybody else crazy) because, well, those other signs deserve it. Seriously, though, this is a seriously good and funny book. 0 of 0 people found the following review helpful. A title that self corrects.....By Sally G. Landau Andrew Smith has collected funny stories he's written over time. His legacy in the TV comedy writing world, plus screenplays, bodes well for his tweaky sense of humor and turn of phrase. Perhaps it's ironic that this funny author is also soooo good looking. Check out his photo! 0 of 0 people found the following review helpful. He is like a Catholic Woody Allen By David M Hudson Where has Andrew Smith been hiding ?????!! What a comic genius. Just check out his bio. He is like a Catholic Woody Allen !!! The book recommendations on the back cover alone will make you want to read the entire thing

Hilarious short essays, lists, bits, and parodies on contemporary life and politics. A must read for anyone who wants to know what's funny right now.
