**From Ina Rae Hark : Exhibition, The Film Reader (In Focus: Routledge Film Readers)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Exhibition, The Film Reader (In Focus: Routledge Film Readers):

From the kinetoscope, used by one viewer at a time, to the lavish movie palaces of Hollywood's golden era, the

experience of watching films has varied enormously across film. Exhibition, *The Film Reader* traces the emergence of a culture of moviegoing, exploring the range of venues in which films have been shown and following the fluctuating status of film and the continuing struggle over audiences.

About the Author Ina Rae Hark is Professor of English and Associate Dean of the College of Liberal Arts at the University of South Carolina. She is co-editor with Steven Cohan of *The Road Movie Book* (Routledge 1997) and *Screening the Male* (Routledge 1993).
