Soren Narnia : Eyeball vs. Internet before purchasing it in order to gage whether or not it would be worth my time, and all praised Eyeball vs. Internet:

1 of 1 people found the following review helpful. Delightfully original and uplifting By Isaac Miller This book is hilarious. I love that you can basically turn to any page, read a short story or two and it will lift your spirits and make

you laugh. Never before have I read a story from the perspective of a maple leaf who is interested in politics. Very original and entertaining.
