Janette Rallison : Fame, Glory, and Other Things on My to Do List before purchasing it in order to gage whether or not it would be worth my time, and all praised Fame, Glory, and Other Things on My to Do List:

1 of 1 people found the following review helpful. Loved it!By bookloverThis was such a fun easy read that just made me happy after a difficult couple of weeks. My kids kept wondering why I was laughing so much as I read this book. Janette Rallison really is one of my most favorite authors and can always make me smile and giddy. I loved the first chapter. I actually read it a couple years ago in the back of one of her other books and immediately wanted to read it, but my library didn't have it. Then last week I got on and got an awesome deal on it. I'm definitely going to have my daughter read this when she is a teenager.2 of 2 people found the following review helpful. My kids and I love this bookBy HildaMy kids and I love this book! I think I've read it ten times and I laugh every time. My 11 year old daughter read it and talked my 13 year old son into reading it. He isn't a huge reader, but actually loved it. (Don't tell him I said that) Ms. Rallison has relatable characters, entertaining story lines and thought provoking endings. You can't go wrong with her books.0 of 0 people found the following review helpful. Same clever voice I've come to expect from this authorBy Matching SocksSame great voice, same witty dialogue, same smart ambitious leading character Rallison always delivers. I think my students would love it as would adults who are also fans of YA romantic comedy. This was a little less comedic than her others, though I did laugh out loud a couple of times. This isn't one of my favorites from this author. It wasn't any weakness in the writing or the finished product. Everyone has tropes they prefer; this was just a preference thing not a reflection of quality.
