Sam Shepard : Fifteen One-Act Plays before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fifteen One-Act Plays:

0 of 0 people found the following review helpful. " A well written play is a journey into the psyche and the soul; individually and collectively." By Chris Leary Sam Shepard was not only a great actor! Not until recently, did I learn what a great playwright he was. I'm thoroughly enjoying the book so far; and learning a great deal. I can only hope to come somewhat close to Shepard's quality, and skill. He will truly remain an inspiration to anyone who loves plays

and writing! Sam Shepard lives on! 2 of 2 people found the following review helpful. Early experiments from a great writer
By Peter J. Orvetti Shepard is one of the great American playwrights of his era, and this book is worth reading for a study of his early development. But these short plays are very experimental, and as such, quite a few of them really do not work. "Ages of the Moon," "The Unseen Hand," and "Icarus Mother" are among the standouts.

By Randall R. Scott Perfect.

Filled with wry, dark humor, unparalleled imagination, unforgettable characters, and exquisitely crafted storytelling, Sam Shepard's plays have earned him enormous acclaim over the past five decades. In these fifteen one-acts, we see him at his best, displaying his trademark ability to portray human relationships, love, and lust with rare authenticity. These fifteen furiously energetic plays confirm Shepard's status as our most audacious living playwright, unafraid to set genres and archetypes spinning with results that are utterly mesmerizing. Included in this volume: Ages of the Moon; Evanescence; Shakespeare in the Alley; Short Life of Trouble; The Unseen Hand; The Rock Garden; Chicago; Icarus Mother; 4H Club; Fourteen Hundred Thousand; Red Cross; Cowboys #2; Forensic; The Navigators; The Holy Ghostly; Back Bog; Beast Bait; Killers Head
