Just to clarify for others who had the same concern as I did-- this edition for "high voice" contains the Hermit Songs in their original keys! 2 of 2 people found the following review helpful. I love, Love, LOVE it! By Priscilla Stilwell I cannot gush enough about this stunning cycle of Barber songs! I fell in love with it hearing Barbara Bonney sing it on Sallie Chisum Remembers Billy the Kid. I had learned "The Crucifixion" in my lessons, and was enthralled with the sensitivity and edginess of that piece. After hearing the other pieces, I began to understand why only the one song is in the The First Book of Soprano Solos (Book/CD): (Includes 2

CDs) (First Book of Solos). These songs are DIFFICULT! The rhythms are amazingly fast on a couple of the songs (Sea-Snatch), and the modern melody lines are atonal at points, with many challenging intervals. However, for the willing vocalist, these will provide a wonderful challenge, and will make for an amazing recital portion. 0 of 0 people found the following review helpful. Hermit Songs By Annette Graziani This music arrived in good condition and promptly, and the price was right. Samuel Barber is a favorite composer and I'm sure this music will be used well. Thank you for making it available.

(Vocal Collection). This new edition includes detailed prefatory notes on the songs and new music engravings.
