Reinhardt Haydn : HIM: His Infernal Majesty before purchasing it in order to gage whether or not it would be worth my time, and all praised HIM: His Infernal Majesty:

0 of 0 people found the following review helpful. My happiest purchase of the year, and....ARRIVED ON VALENTINES DAY!By Stormy JoA masterpiece. Entertaining and many pieces, (if you enjoy the band), you will fall in love with.0 of 0 people found the following review helpful. A Sonic FriendBy TateGreat for some basic facts about the band and their humble beginnings. Runs through mid-2006 with the release of "Killing Loneliness" off of the Album "Dark Light". Surprisingly it is filled with some facts about the rest of the band, and does not focus on Ville Valo which is a refreshing change. To Valo's credit he always speaks of HIM as "us" and not "I." There are some

glaring editing errors which makes me think it was not originally written in English. Overall worth the read and has some great photographs in it. Enjoy! 1 of 1 people found the following review helpful. happy to have it but.....By Danahardcore fans would like this more just as band memorabilia -- nice pics and a factoid here and there, but you won't learn anything new. there are a few typos in the text, which makes it feel like someone just threw it together knowing fans would buy it no matter what.

Led by their charismatic and photogenic vocalist Ville Valo, H.I.M. is set to be the hottest alternative rock act of the decade. Fusing gothic, heavy metal, and power pop, the band has established a new musical genre, which it describes as love metal, that transcends existing genres and gives it the crossover appeal that has generated album sales in excess of 3 million. In *H.I.M: His Infernal Majesty*, Barry Keating recounts the story of the band's rise from a Helsinki covers group playing everything from Chris Isaak to Blue Oyster Cult to a global rock phenomenon. Through interviews and anecdotes, Keating explores the band's unique ethos and influences, and the genesis of the love metal sound, as well as the band's quest to bring goth music to the masses. Featuring a wealth of eye-catching images, the book details the breathtaking way in which H.I.M.'s singular approach to music has brought it to the cusp of global stardom.
