Michael Knight, Paul Bernardo : Hitman: Absolution Professional Edition: Prima Official Game Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Hitman: Absolution Professional Edition: Prima Official Game Guide:

3 of 3 people found the following review helpful. Very classy!By Nonel love this guide. The cover art is beautiful for a hardcover. The gun slightly shimmers with a silver- metallic finish. On the back of the book is 47's barcode, the number 47 appearing bright red against a backdrop of pure black. The guides contents are amazing. Probably the best I've seen from a guide in a while. A very stylish "Table of Contents" greets you upon opening. Each chapter for every location is well written, stunning images of scenes from the game. Very vibrant and nicely tucked between full-page

artwork of 47 himself. The guide fairs excellent in covering every little thing within the game. Helps you find the best tactical route for every style of gamer. With both 360 and PS3 control coverage. Covers Campagin mode, Contracts, unlockable challenges and trophy strategy. What I love most is the QA (Interview) with Tore Blystad in the detailed "Getting to know 10 Interactive." There's developer commentary with Tore Blystad (game director) and Roberto Marchesi (art director) who give insight to the art concept of the game. Detailed level backgrounds, 47 concepts. The guide closes with a series of high resolution CG art. Complete with average style bookmark ribbon, blood red in color and does nicely against each pages clever "classified" theme. Very pleased with this product! Great addition to the game.0 of 0 people found the following review helpful. Purchased to add to the collection.By J.C.Book I received was slightly damaged, but the content is what matters. Purchased to add to the collection.0 of 0 people found the following review helpful. Loved itBy Lance DCall me a fanboy but I love this series, love this game, and love this book. It's a great display piece with really nice quality throughout the bookAs a fantastic bonus you also get a digital version that you can access online; that way you can read the book for its beauty but if you find yourself needing to reference it a lot you can use the digital version instead of constantly abusing the bookI have nothing negative to say here; if you love this series you will appreciate this edition of the bookIf you aren't a diehard fan, you can of course buy the cheaper versions and get the same information; this review is for the hardcover professional edition, basically for collectors

BONUS collectible content A premium hard cover guide with ribbon bookmark. BONUS QA and concept art with developer commentary. Engage or go undetected Direct offensive and stealth based strategies provide multiple paths and options to fit your play style. Get the drop on enemies Use the 'Instinct' ability or follow detailed maps to complete your objectives. Hardcore Coverage of Hardcore difficulty gives you the best chance at more achievements/trophies and accolades. Max gamer score Learn where and how to unlock all achievements/trophies. Covers: Xbox 360, Playstation3, PC
