**J. C. Cannell : Houdini's Card Tricks - Teach Yourself the Tricks of the World's Most Famous Magician**

before purchasing it in order to gage whether or not it would be worth my time, and all praised Houdini's Card Tricks - Teach Yourself the Tricks of the World's Most Famous Magician:

1 of 1 people found the following review helpful. Public domain knock offBy John CoxThis is just an excerpt from the 1932 book "The Secrets of Houdini" by J.C. Cannell, which has fallen into public domain. No need to buy this. The entire Cannell book is still available as a Dover paperback right here on (ISBN 0486229130). The price of the entire book is less than what is being charged here for this public domain knock-off hiding behind a new title.

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
