h. Alton Jones : How to Cheat in Golf - Confessions of the Handicap Committee Chairman before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Cheat in Golf - Confessions of the Handicap Committee Chairman:

0 of 0 people found the following review helpful. Can you handle the truth?By RamerGolfers largely don't understand the rules nor do they really understand the handicap system. The USGA would do its system good by providing the

statistical data tools or reports that would make all handicap committees better at identifying handicap manipulators. The book shows the importance of an independent handicap committee, its support by members and the professional staff. 0 of 1 people found the following review helpful. Five Stars By Robert F. Polchabought this for my attorney he thought it was a joke!! not really

A light hearted, but serious treatment of the age old issue of cheating in golf. The book explains how so many golfers cheat and get away with it. A great gift for the golfer - it explains the simple math and techniques for manipulating handicaps and picking your partners and tournaments. When you're finished, you'll understand why some golfers seem to win far more than their fair share of tournaments. You can catch them or join them. Either way, the book is a fun read.
