Great Beginners GuideBy AmazLBHaving purchased a couple beginners guides to accompany a new keyboard, this was by far the easiest to follow and understand the others I found a bit daunting for a complete beginner like myself. Nice, clear photos and diagrams, a good pace as I worked through the book, and very clear explanations about all the functions of my keyboard and how to incorporate the various rhythms and chords as I played. Highly recommended.0 of 0 people found the following review helpful. Same as aboveBy Joann ChoinoskiGreat keyboard lesson book.0 of 0 people found the following review helpful.
