Don't waste your money!By Maurice Mckellar Jr.I purchased this book and read it thoroughly. Simply put, it is a waste of hard earned money. Robert Walsh's superior formulas lead to a dead end. When I contacted him via e-mail and asked him to explain his bogus formula, he became belligerent and told me, "I need to study until I learn it!" There's nothing to learn, his book is garbage. You have been warned.0 of 0 people found the following review helpful. Three StarsBy janI dont now

This Strategy based winning and proven Pick 3 Lottery System changes the way the Pick 3 Lotto is played worldwide.

This par excellence Pick 3 System does not use the traditional long researched overdue number filter, or the hot-cold, odd-even, high-low filters. There are no wheels involved either. The System teaches the Pick 3 players the skill to read the number trends by tracking the basic numbers and the strategies that were used to create them. This new, revolutionary Pick 3 Lottery Generator System lowers your choices of numbers from 1,000 down to 125 basic numbers. Then you choose one of these basic numbers, play the eight associated numbers and start winning the Pick 3 Lottery seriously. The author demonstrates the proven and winning success of the system by providing a monthly example from 2009 from every Pick 3 Lottery in the world known to him. He puts winning on the fast track with multiple Pick 3 Straight wins within one or two draws of each other by applying the various strategies of the System to these basic winning Pick 3 numbers. . The player learns to skillfully connect the dots using number trends, strategies, and basic numbers to find the next winning Pick 3 number. The included 2009 monthly charts clearly demonstrate this System works without prejudice no matter how the numbers are drawn, day or evening draws, and wherever the Pick 3 lottery is played in the world. This System also uniquely includes both an Investment Strategy and Money Management Strategy that help the Pick 3 Lotto players to play responsibly, and at the same time, maximize their potential financial earnings.

About the AuthorMy name is Robert Walsh. I am and always have been fascinated by numbers and their trends. My research of the past twenty years which began with the Illinois Pick 3 and Pick 4 lotteries in the mid-1990s resulted in two books. The first, Play Win Daily Pick 4 With Big Cash Winning Numbers, was published in 2009 and the second, How To Play Win The Pick 3 Lottery, in 2010. Both lottery systems are unique sets of learnable winning strategies with many proven examples for the Pick 3 and Pick 4 Lottery. Both systems do not use the traditional methods of hot/cold, odd/even, high/low, or overdue numbers. There are also no wheels. By tracking current numbers and using the strategies lottery players are taught to connect one winning number to the next. Both systems, once learned, produce Straight and Box wins in every Pick 3 and Pick 4 lottery around the world.
