**Jeff Rovin : How to Win at Nintendo Games 2** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Win at Nintendo Games 2:

2 of 2 people found the following review helpful. Oh, the good old days!By CustomerI had to by this to complete my collection. I used to own it and only book 2 and 3 have survived with me over the years. I plan on using this book to help me revisit these old games and my childhood. The tips and hints are VERY thorough. As good as can be expected without the full color maps that became all the rage with Nintendo Power that got its hay day a few years later. This book helped me to beat my first video games as a little kid and the help is still appreciated when tackling these games as an adult. Let's face it ... original 8 bit Nintendo games are HARD!0 of 0 people found the following review helpful. Great BookBy Frederick KapmeyerGreat Book for Nontendo Lovers0 of 0 people found the following review helpful. Five StarsBy TrueHolyRuneLove Jeff Rovin books. Very informative. Would def buy more in the future.

Updated edition: The first and only guide to the hidden codes, passwords, and strategies needed to master America's #1 computer game!
