Roy Ward Dickson : How to win at roulette and blackjack before purchasing it in order to gage whether or not it would be worth my time, and all praised How to win at roulette and blackjack:

Roy Ward Dickson is ready, willing, and in fact utterly buoyant with the knowledge that he is about to tell you how to win at Roulette and Blackjack. His strategy - a combination of cyclical pattern studies and pragmatic betting guidelines - is interesting, insightful, and, frankly, works. All that you need is patience, willpower, and a little bit of personal capital to set you on the road to beating the house.But don't take my word on it. Buy the book and let him convince you himself.
