Kenneth Dickkerson : How to Win Games of Chance before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Win Games of Chance:

2 of 2 people found the following review helpful. very Excellent ReadBy Dwayne Jackson I had an opportunity to

purchase this book about a year and a half ago and could not justify the overpricing in my mind. An opportunity came up that allowed me to get it at a very reasonable price. In hindsight I should have bought it when the universe first presented it to me because I have already prospered from it. I did save on the price but missed out on possible opportunities that would have paid for the overpricing many times over.0 of 0 people found the following review helpful.
