Frank Legato : How to Win Millions Playing Slot Machines!: ...Or Lose Trying (Scoblete Get-The-Edge Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Win Millions Playing Slot Machines!: ...Or Lose Trying (Scoblete Get-The-Edge Guide):

0 of 0 people found the following review helpful. Two Stars By Customer interesting but there is really no logic to slots
7 of 8 people found the following review helpful. A fun and informative look at slots and casinos By A reader My

wife bought me this book as a birthday gift. And what a gift. It's a delightful combination of gambling information and fun. I laughed from start to finish. The book revealed a number of insider secrets about today's casino operations and the revolution in traditional reel-spinning and multiline video games. Especially interesting was the author's revelation about "loose" slots. What a "loose" slot really is. The author's account of his slot-themed road trip through the United States made enjoyable bedside reading. Especially after a hard day's play at the slots. If you enjoy a good laugh and wish to learn the absolute latest about today's casinos and their new generation of slot machines, this definitely is the book for you. 32 of 35 people found the following review helpful. A Big Disappointment By Cesar S. Rodriguez I waited so long for this book. And when I finally got it, I couldn't be any more disappointed. First of all, I search on the net for books on this subject. Frank Scoblete's came out as some of the best books on the subject. And this book was on printing but not released yet. I thought "...even better, I am going to get the latest advise..." When I got the book, I found that Scoblete only wrote the Foreword. The book reminds me one of those yellow Idiot Guides to ___ books. Joking around, instead being serious and to the point. And even those guides, after all, give you good information. There is not any advise that would help to play better at slot machines. Not even information about what machines are better, how to play then, no strategies. Nothing. Just stories of Legato's experience in different casinos in different towns. Do not waste your money!!!!

Readers will learn secret strategies for maximizing their winning potential; which slot machine strategies are myths and which are facts; and which machines pay back the most money and most frequently. After reading this funny and insightful book, the reader will know everything there is to know about playing the slots.

"Only a stand-up guy like Frank could present the intricacies of slot machines like a stand-up comic and teach us along the way." About the Author Frank Legato has been writing about slot machines for 20 years for a variety of gaming industry and player magazines, including Casino Player and Strictly Slots. He is currently senior editor of the trade journal Global Gaming Business. Frank Legato resides in Delaware.
