helpful. Great book for the DIE HARD howard stern fans!By Tetris911Bought this book for my mother 2 xmas ago because she is a BIG howard stern fan and she has been listening to howard stern before he even became famous. She used to have her friends mail her a cassette tape of howard earlier broadcast radio shows when she was in college because she is a MAJOR Stern fan. She loved the book because she nearly has all the howard stern books written by him except this one and I am glad I got it because she always forgot about this book whenever she heard about it but now she has it thanks to me!
