**Luigi Lucaire : Howard Stern A To Z** before purchasing it in order to gage whether or not it would be worth my time, and all praised Howard Stern A To Z:

0 of 0 people found the following review helpful. AwesomeBy Aviana HindmanBirthday Gift24 of 25 people found the following review helpful. Do yourself a favour and forget this bookBy David NelsonI saw this on sale at a local store for 1.99\$ There were literally dozens of unsold copies. I figured, "what the heck, how can I go wrong for under 2

bucks?" After reading this piece of garbage, I realized I would have been happier with the money. The idea of an alphabetical bio of Stern is appealing, yet this particular incarnation is little more than a half-brained attempt to cash in on Stern's hard-fought popularity. It contained nothing a casual fan wouldn't already know. Furthermore, Lucaire seemed to go out of his way to mention Judaism whenever possible, and his tone sometimes suggested an underlying anti-semitic attitude. If you are a Stern fan, do yourself a favour and pick up *Private Parts* or *Miss America* instead. *A to Z* rates only an F.

With this invaluable resource, Stern's 16 million weekly listeners can keep a wealth of information stored at their fingertips--from Howard's middle name (Alan) and favorite food (Chinese) to his least successful school subject (chemistry). It's everything a fan needs to know!

.com With Howard Stern *A to Z* Luigi Lucaire has created an entirely new literary genre: the alphabetical biography. It makes so much sense it's amazing no one thought of it before. You want to hear the story of Howard Stern's homosexual experience? Just look under "H." When did Howard start using Windows 95? The answer comes right after a note about Howard's childhood appreciation of ventriloquist Paul Winchell and right before a short article about how much he hates Oprah Winfrey. If you're a Stern fan this is a must-have, but as someone who never listens to obnoxious morning disc jockeys, I still found it compelling reading as the first instance of a new literary form.
