So I gave this book five stars with the explanation that it's not for the casual reader looking for 'fun facts' on Scotland. I would suggest that readers start with another book and 'graduate' to this tomb.Good info on some of the obscure items in Scotland. Much of the information concerns, long ago battles and little known castles in out of the way places.Having said all of this, I really

liked the book...Enjoy1 of 1 people found the following review helpful.
