Matthew Granovetter : I Shot My Bridge Partner! before purchasing it in order to gauge whether or not it would be worth my time, and all praised I Shot My Bridge Partner!:

2 of 2 people found the following review helpful. More mystery, less bridge
By Customer
This novel is an improvement over his first Bridge mystery, Murder at the Bridge Table. That one was 80% bridge lessons, 20% mystery. This one, the second in Granovetter's bridge mystery series, has more story, fewer lessons. But there are still plenty of tips on power bidding and playing rubber bridge. Although 17-year-old Matthew gets annoying at times (is anyone that naive?), overall the book is entertaining. The other characters are more colorful and interesting. However, if you don't play bridge, this novel is not for you.
2 of 2 people found the following review helpful. The Bridge is Better Than the Story
By cgilbert
I think you have to make the point of reading his stories be the bridge hands. They are interesting and make you count them up and make your own bids and follow the play. The stories are silly and do not engage nor do the characters. Read them for the bridge and just scan the rest.
3 of 5 people found the following review helpful. Great Mystery!!
By A Customer
This is a great Bridge Game Mystery!!It's highly recommended!!!

The second in the Bridge Mystery trilogy, this book is a mystery and a bridge textbook all in one. Based on the author's own experience and set in and around a Manhattan bridge club, the story includes many real-life bridge characters whose names may be familiar to readers.
