Three StarsBy frances harrahyThis book was not what I expected but a must have for any fan of the show3 of 4 people found the following review helpful. AWESOME!By Marla R. BurgessI absolutely loved the series, but this book really just confirms it. This is the first day I got it and I already read half. I'm very impressed. I was reading in front of my boyfriend and his friend and they heard me laughing. My response was "this is halarious." (reading shanes botwins part) Hmmm. My boyfriends friends response was "I didn't know reading was fun." LOSER! In the Weeds is fun!
