Packed with more than 120 intriguing pictures for you to reveal, this book promises hours of enjoyment. A minimum of 300 dots per image means that you will never be absolutely sure what will unfold before your eyes. There is a wide range of themes, including famous landmarks, iconic buildings, scenes from history, works of art, machines and the animal world. The sense of achievement and well-being to be gained from completing these wonderful images is

immense, and once the dots have been joined there is also scope for colouring them in.
