A Plus for Senior GamersBy BobI'm a senior citizen who just got started to play video games and I'm really enjoying them (for seniors they help to keep the mind sharp and are great for hand eye coordination). While most games are intuitive if you just employ some critical thinking and reasoning, sometimes you get stuck and here's where these guides come in handy. I hate to give up on a

game and want to see it all the way through, so I recommend these guides, but resist in taking the easy way out and only use them when necessary. 2 of 2 people found the following review helpful. Fantastic Guide With One Flaw By Demarius L. Hughes The InFAMOUS Official Strategy Guide is a fantastic guide that gives/tells you all of the information you need to know about Infamous. From stunts, powers, story missions and more this guide has it all. My only problem with this guide is it's Blast Shard map. The map only has 342 or 343 of the Blast Shards listed so your going to have to find the other 7 or 8 blast shards on your own which unfortunately I had to do. Besides that the InFAMOUS Official Strategy Guide is a great guide that I would recommend anyone to buy if they need help with Infamous.
