James Grippando : Intent to Kill Unabridged CD (Jack Swyteck) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Intent to Kill Unabridged CD (Jack Swyteck):

0 of 0 people found the following review helpful. Five Stars By Michael J Phair He always does a good job. 0 of 0 people found the following review helpful. Intent to kill interesting By Customer Enjoyed this read. Liked the characters. Ending not a surprise but good. 0 of 0 people found the following review helpful. I enjoyed this book for its characters and exciting plot. By Mary Ellen Gardino This was a quick read and I felt for the main character as he struggled and triumphed. Not too many characters, but interesting ones.

[A] tight, twisty thriller. Hums along like a sizzling fastball thrown straight and sure. Providence Journal-Bulletin Bestselling author James Grippando is back with a gripping stand-alone thriller. Intent to Kill electrifies from the first inning on as a fallen baseball star-turned-sports radio shock jock tries to expose a conspiracy and outwit a killer. Crackling with Grippando's trademark suspense, ingenious plotting, and unforgettable characters, Intent to Kill is a grand slam from the author Nelson DeMille calls, A very intense and ingenious storyteller.

From Booklist Grippando takes a break from the Jack Swyteck series some readers would call it a much-needed

break and delivers a fine stand-alone thriller. Ryan James was an up-and-coming baseball player, a minor leaguer who seemed destined for the majors. Then a car accident took the life of his wife, Chelsea, and now, three years later, he cohosts a sports-themed talk radio show while raising his young daughter and trying not to fall into an alcoholic spiral. Out of nowhere, on the third anniversary of Chelsea's death, an anonymous tipster claims not only that her death was no accident but also that he knows who killed her. Teaming up with Emma Carlisle, the prosecutor in charge of the hit-and-run case, Ryan uncovers a conspiracy that puts his own life at risk. This is an excellent thriller, the kind of novel Grippando was turning out on a regular basis before he began devoting his time to the increasingly formulaic Swytek series. It's a return to the character-driven storytelling that made his earlier novels, including *Found Money* (1999), *The Abduction* (1998), and *The Informant* (1996), so successful. Ryan is a strong, sympathetic lead, and the supporting cast, including Emma Carlisle and Babes, Chelsea's autistic brother, is uniformly excellent. The story is convoluted but not excessively so and has a satisfying resolution. Grippando readers who know him mostly from the Swytek series may find themselves thinking: wow, this guy is really good. --David Pitt Grippando's thrillers marry well-drawn characters and realistic action. . . . The story strongly fits into the family thriller genre, epitomized by Harlan Coben. (Sun Sentinel) *Intent to Kill* is [Grippando's] best. . . . Its crisp and fresh and full of action from beginning to end. (The Globe and Mail) In this stand-alone thriller . . . the well-constructed, suspenseful plot is layered with many What?! and Oh my God moments. With the reader well and truly hooked, all one can do is hang on until the final reveal. (Romantic Times) An excellent thriller . . . Ryan James is a strong, sympathetic lead, and the supporting cast . . . is uniformly excellent. . . . This guy is really good. (Booklist) [A] page-turner. (National Examiner) *Intent to Kill*'s unique double play of baseball and the unpredictable Babes make Grippando's newest thriller a hit for the bleachers. (Madison County Herald) A fast-paced, nifty crime novel with many surprising plot twists. (Lansing Journal (MI)) [A] tight, twisty thriller . . . Hums along like a sizzling fastball thrown straight and sure. (Providence Journal-Bulletin) This book has it all: sports, crime, money and romance. . . . It's a delight. (Charleston Post Courier) From the Back Cover In this gripping thriller by New York Times bestselling author James Grippando, a fallen baseball star must use his new skills as Boston's king of sports talk radio to outwit a dangerous caller and prove alive and on the air that the hit-and-run that killed his wife was no accident. The fact that the police never found the drunk who ran Ryan's wife off the road makes closure impossible. Then, years later, chilling words from an anonymous tipster turn the accident into a homicide: "I know who did it." Ryan then makes a stunning discovery. The tip may have come from Chelsea's own brother, Babes, who has an autism-related disorder. But why would Babes have withheld this information for three years? And what finally made him come forward anonymously? The demand for answers sends Babes on the run and a cover-up begins to unravel that reaches back to the night of Chelsea's death, and that may implicate one of New England's most powerful families.
